

Built on Legacy, Driven by Innovation

Experience That Delivers, Innovation That Leads

Trusted Experience, Advancing with Technology

1. ABOUT

1.1 Company overview

PDC (Pvt.) Ltd. is a Pakistan-based drilling company founded by industry veterans with extensive experience in onshore and offshore operations. We deliver high-performance drilling and well construction solutions to the oil & gas and energy exploration sectors, combining advanced technology, operational excellence, and strict adherence to international safety and quality standards to ensure efficient and cost-effective project execution.

Environmental responsibility and sustainability are integral to our operations. We implement responsible drilling practices, minimize waste and emissions, optimize resource utilization, and comply fully with national and international environmental regulations. At PDC, we are committed to delivering safe, reliable, and environmentally conscious energy solutions that support long-term development without compromising future generations.

1.2 Mission

Our mission at **PDC (Pvt.) Ltd.** is to deliver safe, efficient, and high-performance drilling solutions for the oil, gas, and energy sectors, guided by technical excellence and decades of professional expertise. We are committed to operational integrity, workplace safety, and quality, while minimizing environmental impact and promoting sustainable practices in line with ISO standards. Through innovation, responsible resource management, and ethical governance, we aim to create lasting value for our clients, employees, and the communities we serve, contributing to a safer, cleaner, and more sustainable energy future.

1.3 Vision

At PDC (Pvt.) Ltd., our vision is to be the foremost provider of innovative and high-performance drilling solutions in Pakistan and the wider region, setting new standards for operational excellence, safety, and sustainability. We aspire to lead the energy

sector by integrating cutting-edge technologies, ISO-aligned environmental and energy management practices, and responsible resource utilization into every project. Our goal is to deliver solutions that not only maximize efficiency and quality but also minimize environmental impact, promote ethical governance, and contribute positively to the communities we serve. By championing innovation, professionalism, and long-term value creation, we aim to shape a safer, cleaner, and more sustainable future for the energy industry.

1.4 Objectives

Company Tagline:

Delivering Safe, Efficient, and Sustainable Drilling Solutions

Leadership Team

Our leadership is guided by a distinguished Board of Directors and senior executives with decades of combined experience in drilling, energy exploration, and strategic project management. With deep industry knowledge and global exposure, the Board provides strong governance, strategic direction, and oversight to ensure operational excellence, financial integrity, and sustainable growth.

Driven by vision, accountability, and long-term value creation, our leadership team is committed to upholding the highest standards of corporate governance, safety, and environmental responsibility while positioning PDC (Pvt.) Ltd. as a trusted and forward-looking drilling partner.

CEO message

Need to be mentioned

Our leadership is guided by a distinguished Board of Directors and senior executives with decades of combined experience in drilling, energy exploration, and strategic project management. With deep industry knowledge and global exposure, the Board provides strong governance, strategic direction, and oversight to ensure operational excellence, financial integrity, and sustainable growth.

Driven by vision, accountability, and long-term value creation, our leadership team is committed to upholding the highest standards of corporate governance, safety, and environmental responsibility while positioning PDC (Pvt.) Ltd. as a trusted and forward-looking drilling partner.

1.3 Our Impact

PDC (Pvt.) Ltd. plays a pivotal role in strengthening Pakistan's energy security by enabling efficient exploration and production of oil, gas, and other energy resources. Our operations create meaningful employment opportunities, foster the growth of local supply chains, and facilitate the transfer of technical knowledge and skills to the workforce. Beyond business, we actively engage with communities to generate lasting socio-economic value, supporting sustainable development and contributing to a stronger, more resilient energy sector.

Corporate Social Responsibility: The Three P's

At **PDC (Pvt.) Ltd.**, Corporate Social Responsibility (CSR) is more than a policy—it is an integral part of how we operate. Guided by the principle of the **Three P's—People, Planet, and Prosperity—we ensure our growth is responsible, sustainable, and impactful.**

People: We place the highest value on our employees, contractors, and the communities in which we operate. Through continuous professional development, leadership training, and safety programs, we empower our workforce and foster a culture of inclusion, well-being, and skill development. We actively engage with local communities to create lasting socio-economic benefits, supporting education, health, and livelihoods.

Planet: Environmental responsibility is central to our operations. PDC adopts **ISO-aligned environmental practices**, sustainable drilling technologies, and energy-efficient methods to reduce emissions, manage waste responsibly, and conserve natural resources. By integrating sustainability into every stage of our operations, we minimize our environmental footprint and contribute to a cleaner, low-carbon future.

Prosperity: Responsible business drives long-term value. We focus on delivering safe, efficient, and high-quality drilling solutions that create economic benefits for our clients, stakeholders, and the communities we serve. By balancing operational excellence with ethical governance and sustainable practices, PDC ensures that growth goes hand in hand with societal and environmental responsibility.

Through these three pillars, **PDC (Pvt.) Ltd.** demonstrates that success is not only measured by operational achievements but also by the positive impact we create for people, the planet, and prosperity in every community we touch.

State of the art rigs

1.4 Safety

Safety is the cornerstone of all PDC (Pvt.) Ltd. operations. Guided by a Zero Harm philosophy, we maintain a comprehensive Health, Safety & Environment (HSE) Management System fully aligned with international best practices and ISO standards. Our commitment to safety is demonstrated through regular drills, systematic hazard identification, behavior-based safety programs, and robust emergency preparedness. By embedding proactive safety measures into every aspect of our operations, we ensure the well-being of our workforce, contractors, and communities while upholding the highest operational standards.

1.5 Environment

We are committed to minimizing environmental impact through responsible waste management, emission control strategies, and water conservation practices. Our Environmental Management System ensures full compliance with national regulations and internationally recognized environmental standards, while promoting continuous improvement across all operations.

As an integral part of our sustainability framework, PDC (Pvt.) Ltd. aligns its environmental strategy with internationally recognized ISO standards relevant to the oil and gas sector, including ISO 14001 (Environmental Management Systems), ISO 45001 (Occupational Health & Safety Management), and ISO 50001 (Energy Management Systems). Through structured risk assessment, performance monitoring, and continual improvement processes, we are committed to reducing our carbon footprint, enhancing energy efficiency, and maintaining the highest environmental and operational standards across all drilling activities.

1.6 Sustainability

Sustainability is embedded in our long-term corporate strategy and operational planning. We are committed to improving energy efficiency, reducing operational emissions, and adopting innovative drilling technologies that minimize environmental impact. Our approach balances economic performance with **environmental responsibility** and social accountability to ensure sustainable and responsible growth.

PDC (Pvt.) Ltd. aligns its sustainability objectives with key ISO standards relevant to the oil and gas sector, including:

ISO 14001 – Environmental Management Systems for systematic environmental protection

ISO 45001 – Occupational Health & Safety Management Systems for workplace safety and well-being

ISO 50001 – Energy Management Systems for optimized energy use and efficiency

ISO 9001 – Quality Management Systems for operational excellence and continual improvement

By integrating these standards into our operations, we ensure that environmental protection, energy efficiency, safety, and quality are embedded in every aspect of our business. Our commitment to ISO-based sustainability frameworks enables transparent governance, measurable performance, and long-term value creation for our stakeholders and the communities we serve.

FLEET

2.1 Fleet Overview

Our fleet consists of modern, high-capacity drilling rigs designed to operate in diverse geological and climatic conditions. Each rig is equipped with advanced control systems, automated pipe handling, and real-time monitoring capabilities to ensure optimal performance and safety.

Rigs specification

2.2 Rig-15

2.3 Rig-23

2.4 Rig-25

2.5 Rig-60

3. SERVICES (which services we deliver)

Rig Drilling Services: Ultra-deep well spudding, jack-up and skid-mounted rigs, advanced pressure control for optimized production.

Well Control & Intervention Services: Fluid engineering, wellbore cementing, BOP management, and remedial operations aligned with IADC standards.

Maintenance & Rig Support: Preventive & corrective maintenance, mechanical, electrical, and instrumentation services, API-certified equipment, and integrity tracking.

Drilling Equipment Rental: High-quality, certified tools available for project-specific requirements.

QHSE & Sustainability Services: Comprehensive Health, Safety & Environment management integrated with ISO-based sustainability frameworks and Zero Harm philosophy.

Core Values

Trust & Integrity: Ethical operations and transparency in every decision.

Client Focus: Delivering tailored, high-value solutions that exceed expectations.

Respect & Collaboration: Fostering an inclusive, professional, and cooperative culture.

Employee Engagement & Retention: Continuous professional development, leadership programs, and long-term workforce commitment.

Safety & Environmental Responsibility: Proactive safety culture and environmentally responsible operations minimizing impact.

Why PDC?

Decades of combined expertise in onshore and offshore drilling

ISO-certified systems for quality, safety, energy, and environmental management

Commitment to sustainability and ethical governance

Proven track record in delivering cost-effective, safe, and efficient energy solutions

4. MEDIA

4.1 News and Announcements

This section will feature press releases, contract awards, operational milestones, new rig deployments, safety achievements, and corporate announcements.

4.2 Gallery

The gallery will showcase operational photographs of drilling rigs, safety drills, community engagement activities, technical workshops, and project sites.

5. CAREER

We offer rewarding career opportunities for skilled professionals and fresh graduates in engineering, operations, HSE, and corporate functions. Our recruitment process is transparent, merit-based, and inclusive. We provide structured training programs, competitive compensation packages, and career growth pathways.

6. CONTACT US

1:Registered Office: H No.567 / 89, Circle No-1, Zhob - 85200,

Balochistan, Pakistan

2:Operational Base:

Plot 22B, Hajvairy Plaza, First Floor Jinnah Avenue, Islamabad -44000

Pakistan

3:Regional Office:

Plot-8C, 21st Commercial, DHA Phase 2 Karachi -75500
